Welcome back!

We can't wait to finally meet face to face again in Hamburg in September 2022 –
for the biggest and most important gathering of the wind industry!

No other trade fair can better reflect the entire spectrum of the industry than WindEnergy Hamburg. From **designers, manufacturers and financiers to operators and service providers, whether for onshore, offshore or energy storage**, this is where all the key international players of the industry meet, be it leading major companies or innovative start-ups. They all make WindEnergy Hamburg 2022 what it is:
The biggest business platform of the wind industry!

**Be sure to take part –
we look forward
to seeing you there!**

EUROPE

BWE
Bundesverband WindEnergie

VDMA
Power Systems

Global Markets Theatre Stage

Global Markets Theatre is the place where you can learn more about leading and emerging wind energy markets. Meet the right partners for your wind projects. The open conference stage is organised jointly with GWEC, the Global Wind Energy Council.

GWEC
GLOBAL WIND ENERGY COUNCIL

The top half of the image features a close-up, low-angle shot of a white wind turbine's nacelle and blades against a backdrop of a turbulent, blue-green ocean with white foam. Overlaid on the right side of this image is the event logo, which consists of two overlapping circles in shades of green and yellow. To the right of these circles, the text 'H₂ EXPO & CONFERENCE' is written in a bold, dark blue, sans-serif font.

H₂ EXPO & CONFERENCE

The event of the hydrogen economy

In parallel with WindEnergy Hamburg, an international networking event will be held in Hall A2, focused on generation, distribution and use of green hydrogen.

- Get informed: Top speakers from politics, science and business will discuss hydrogen-related key topics.
- Be sure to take part when decision-makers and pioneers from the wind industry present their projects and highlight decarbonisation pathways.
- Visit the accompanying expo and see innovations showcased by suppliers of H₂ technology from around the world.
- Benefit from social interaction opportunities in networking areas and at side events.

Speakers' Corner

Share your thoughts
with the industry

As an exhibitor at WindEnergy Hamburg you are welcome to take the stage for a 10-minute presentation of your latest innovations, product highlights and projects to a wider industry audience from around the world.

Feel the tail wind and power up

Why you need to be there

Profit from all the opportunities this trade fair provides, and become a key part of the energy transition – by boosting efficiency and innovation!

Stay up-to-date: Get informed at top-flight conferences and gain valuable insights from expert discussions in the halls.

Be part of the global wind energy community:

It's time to put **Climate First!**

Meet all the decision-makers in one place: Four days at the fair will spare you four months of business trips.

Build your network: Share views & ideas and have fun at the most extensive platform for onshore and offshore.

Broadcast your message: Full presence of media and government representatives guaranteed!
